**REMARKS**

Claims 1 through 12 remain pending in the application. Claims 1 and 3 stand rejected under 35 U.S.C. § 102(b) as being anticipated by Ito, of record. Claims 2 and 4 through 12 stand rejected under 35 U.S.C. § 103(a) as being unpatentable over Ito. These rejections, set forth in the earlier Office Action of January 24, 2006, have been maintained. In response to the arguments presented in the Amendment filed April 20, 2006, the final Office Action asserts in part that Ito discloses that "fan 52 cools valve 411," thereby supporting the grounds for rejection. Reconsideration of this position and withdrawal of the rejections are respectfully solicited.
